**THEATER 2 IB**

**PREPARATORY ASSIGNMENT for UNIT 4: PRODUCTION PROPOSAL**

## **SELECT A PLAY FOR YOUR EXTERNAL ASSESSMENT: PRODUCTION PROPOSAL**

- During summer, I would like you to prepare for your External Assessment: Production Proposal by selecting the theater play that you will base your Proposal on. The Production Proposal is a 12 page long portfolio where you explain in detail how you would direct a play of your choice.
- Read in detail the assignment instructions [here](#).
- Follow the steps on the [2nd tab: Selecting A Play](#) and pick a play that you really like. You don't have to select a play from these suggestions, you are totally free to make your own choice, as long as it is a published play text.
- Complete Part A1 questions, also found [here](#).

### **Part A1: 1 page front, font 11**

- What are the main themes / ideas that are presented in the play? Connect each theme / idea with specific examples from the play. Quote and reference the play as appropriate.
- What other concepts, issues, symbols or motifs are important *for you* in the play? How are these portrayed through the characters, storyline, or aesthetics of the play? Write this part from your own point of view, prioritizing themes as you see fit.
