

FOR IB VISUAL ARTS 2

Summer Expectations 2022-2023:

1. **EE** (In Art or other subjects)
2. **WORK ON GIVEN FEEDBACK FOR PP AND CS:** The first assignment of the year will be to check corrections on given feedback on both Process Portfolio and Comparative Study to finalize prediction grades. [Please do not delete my feedback given after the Mock exam. I will resolve them when I check them in September.]
3. Comparative Study
 - A. Do the three comparison slides of your comparative study.
 - One for Formal qualities
 - One for Function and Purpose
 - One for Cultural significance

Please see the examples given on previous papers but in general there is a freedom in the way you will do them. Critically compare similar concepts on all three areas and do not forget to conclude either at the beginning or the end in a big paragraph. [You can extend the comparisons between 3-5 slides]

- B. The HL students must plan **and create at least one piece of work that is related to all or one of the artists that were researched for the Comparative Study.** The connections can be thematic and/or media based. In September you will finalize the last part of your CS based on this.

4. Process Portfolio/ART WORKS

Discover new artists by visiting exhibitions, galleries or museums!

Save their names and articles (about them), in your “Library of Artists” folder and in new PP slides. EXPLORE IDEAS IN SKETCHES. Share your sketches, annotations and plans in your journal. Try to experiment and record your process. **Creating two new artworks over summer should be the minimum.**

- Create art in the area of interest (architecture/fashion etc). KEEP TRANSFORMING YOUR EXPERIMENTATIONS IN DIFFERENT MEDIA
- **Make a LAND ART piece- Look on Moodle /Art making and Techniques/Installations-Land Art**

<https://moodle.acs.gr/course/view.php?id=3347§ion=28>

Get inspired from the Power Point on Land Art, the artists shown and the instructions on side specific art work. Be creative. Enjoy the process! Photograph or video tape it. Document it in your journal.

- Take as many interesting photographs as possible that could be used on photographic projects (close ups on texture/ bodies/landscapes/shadows/plants/fabrics etc

THINKIB-VISUAL ARTS

I HAVE CREATED A GROUP FOR YOU IN THINKIB-VISUAL ARTS NAMED: **ACS ATHENS-
IB VISUAL ARTS 2022-2023** IN ORDER TO ACCESS EXCELLENT INFORMATION ON OUR COURSE-NAVIGATE ON WHATEVER SUBJECT INTERESTS YOU. I AM SURE YOU WILL FIND IT VERY HELPFULL

Instructions to enroll: Press the following link and set your own account with your own username and password
