

SUMMER SCHOLARS PROGRAM IN THE U.S. IN LEADERSHIP & ENGINEERING JUNE 22 - JULY 6, 2025

Get ready for a one time course/field experience this summer at Widener University

OPTION 1: BE PART OF THE NEXT GENERATION OF LEADERS!

Changing factors in society have a strong impact on how we lead ourselves and others. In this course, we will examine leadership styles and the personality traits that enable us to implement effective leadership strategies in our social environments. Factors related to managing conflict, communication and decision-making will also be presented, discussed, and practiced.

This 2 week university 3 credit course is designed for grades 9-11 students and is offered by Widener University. The course may be taken for university credit or as a non credit university course earning you one high school elective credit. Classes will be held at Widener and led by university faculty. Students will work on their own leadership development plan. Learning will be supplemented by university level readings & visits to various landmarks. **The university course project for credit is completed in The Incubator of the Learning Commons.**

OPTION 2: BE PART OF THE NEXT GENERATION OF ENGINEERS!

Students are introduced to the exciting field of engineering! The following engineering principles will be reviewed and experienced by students: Biomedical Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering and Robotics Engineering.

Students will take part in multiple learning activities, workshops, laboratory exercises, discussion groups, presentations and more! There will be plenty of opportunities to create, all the while having fun! This course also includes hands-on robotics activities with AI components especially designed for our ACS Athens students who choose to participate in the engineering camp.

This interactive course will be led by Widener University engineering faculty.

Participants of both the Leadership course and the Engineering camp will experience Leadership in Action and college visits in Philadelphia and DC.

Leadership in Action!

Upon completing either course, you will witness leadership in action in Washington D.C, the leadership capital of the world. Here you will learn from leaders in politics, business, diplomacy, medicine, journalism, service, and military. Visits to the White House, Senate, famous museums and landmarks guided by ACS administrators/faculty will give you a more comprehensive and colorful understanding of American History.

College Visits

To add even more value to this extraordinary experience, you will also have the opportunity to visit at least six university campuses possibly including Georgetown University, American University, George Washington University, Drexel University, the University of Delaware, and the University of Pennsylvania.

Dates, Tuition

Widener University Course in Philadelphia:

June 22 - June 30, 2025

Leadership in Action in Washington D.C: **June 30 - July 5, 2025**

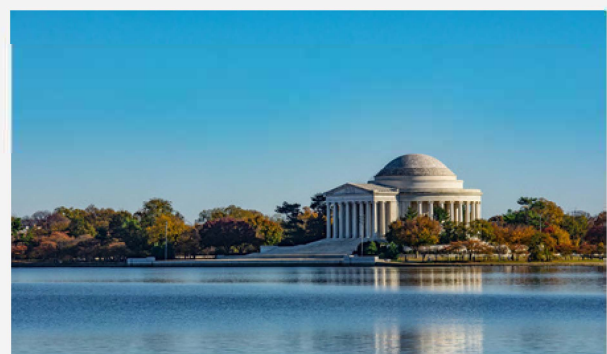

Return to Greece July 6

Cost: 4600 euros (does not include cost for those who want the College Credit/ 3 College Credits at Widener Tuition \$1260)

REGISTRATION DEADLINE: Feb. 28, 2025

To receive best prices for airline tickets please respond early!
